## **NYI and ANU Launch Certificate in Leadership for Youth Ministry Program**

"Education is the most powerful weapon which you can use to change the world." — Nelson Mandela. In a significant effort to meet the pressing demand for trained youth ministry leaders across Africa, Nazarene Youth International (NYI) Africa has partnered with Africa Nazarene University (ANU) to introduce the Certificate in Youth Ministry program. This innovative, one-year hybrid learning initiative aims to equip pastors, youth pastors, district and local NYI leaders, emerging young leaders, and district superintendents with essential leadership skills, a solid theological foundation, and collaborative networks. Together, we strive to empower individuals to transform their communities and effectively address the unique challenges facing today's youth.

### **Why This Program Matters**

Africa is home to a youthful population, with approximately 70% under the age of 30. This demographic trend presents a remarkable opportunity for emerging leaders to step into influential roles across various sectors of the continent. As the demand for Christian leaders continues to rise, both within the church and in broader societal contexts, this program seeks to address that need. By combining academic rigour with Christlike values and skills, we equip our youth to engage effectively in their respective fields and to make disciples who embody the teachings of Christ. This initiative is not just about leadership; it's about fostering a generation committed to transforming their communities and the world through faith and service.

### **What's in the Program?**

Flexible learning: online, hybrid or in-person classes.

14 core units covering leadership, discipleship, Nazarene identity, and administrative skills, just to name a few.

Practical project learning for local ministry challenges.

One-Year Certification from Africa Nazarene University

### **Who Should Apply?**

The programme targets:

- ☑ Youth pastors
- ☑ District & local NYI leaders
- ☑ Emerging youth leaders
- ☑ District Superintendents

**Academic requirements:** KCSE mean grade D+ or its equivalent

Fee Structure: Available upon inquiry
